

SKILLBUILDERS GROUP PROGRAMME

SUPERCHAMPS

Pre-Primary - Year 1

Join our Skillbuilders Therapy Superchamps programme, designed for a small group of just 4 children, led by an Occupational Therapist and/or a Speech Therapist. The Superchamps programme provides a focused, small group opportunity to prepare children for the school year ahead, and to target specific skill areas including:

- Fine motor skills
- Gross motor skills
- Visual perception and visual motor skills
- Pre-writing and writing
- Expressive and receptive language skills
- Play and social skills
- Independence skills

This situation is ideal for children who have been attending individual therapy and need to continue developing these skills in a supported, small group situation. The therapists are able to tailor the programme to meet individual needs, ensuring your child's readiness for the challenges of school.
