

SKILLBUILDERS GROUP PROGRAMME

TODDLER SAY AND PLAY

For Toddlers Under 3

Toddlers Say and Play is designed and run by our Occupational Therapists and Speech Pathologists. Children develop expressive, receptive and pragmatic (social) language through our sequential play-based activity programme.

We also focus on supporting fine and gross motor skill development, self help skills (dressing, eating, etc), as well as sensory processing and regulation. This particular group is held off-site at Fairfield Play Park. Parents or carers participate in this programme.
